

NuCalm™

STOP THE MADNESS...

"After 11 years of practice, I have a deep understanding of the fear and anxiety that people associate with dentistry. Therefore when I know that they are comfortable and relaxed with NuCalm, it brings me great joy, and yes, less stress for me too. NuCalm allows the visit to go smoothly which decreases the appointment time. I feel very positive about NuCalm. Despite its advanced technology, it is so simple and safe to use that my staff were trained quickly and effectively and can administer NuCalm easily." - Dr. Patricia DeMasi
